Sat., June 7: **A Hoedown Celebration.** West Fort Miley. 11 a.m. Call Outdoors Unlimited for directions.

UCSF
University of California San Francisco

TO OUR NEIGHBORS

May & June, 1980, Vol. V, No. 3

New Group Practice Established

A $798,000 four-year grant has been awarded to UCSF by the Robert Wood Johnson Foundation to help replace the general medical clinic with physician group practice. UCSF is one of 15 teaching hospitals in the country to receive such a grant.

The new UCSF group practice will provide around-the-clock personalized care on a continuing basis to adult patients who presently use the hospital outpatient clinics and emergency room as their regular source of primary care.

The grant will fund a major reorganization of general medicine programs at UCSF that will include both patient care services and residency training and will create two new academic units at UCSF—a Division of Family and Community Medicine, with responsibility for family practice programs at SFGH, the Fresno Valley Medical Center, Santa Rosa, Salinas, and Fort Ord—all affiliated with UCSF; and a Division of General Medicine, which will have responsibility for general medical care at UCSF.

Chancellor's Award for Public Service

The Chancellor's Award for Public Service will be given on Wednesday, May 7, 2 to 5 p.m. in the combined lounges of Millberry Union, 500 Parnassus. The winners are Roy Halliday, Psychology Program, "for his sustaining support of the Tri-City Clinic, a model program for community health centers," and Gregory S. Thomas, fourth-year medical student, "for his innovative ideas in establishing the UCSF Runners Clinic."

The Thomas N. Burbridge Public Service Award winners are James Cobb, fourth-year dental student, "for his extraordinary personal courage and dedication to the welfare of all those who were touched by the tragedy of Jonestown, without regard for his own life or career," and James Louie, Affirmative Action Office, "for his leadership in the Bay Area communities advocating equality of opportunity in employment, education and services, and for his continuing struggle to effect social change."

Recipients of the Chancellor's Award receive certificates and $500. The Burbridge Award winners receive $600 each and are chosen on the basis of commitment to social justice and equal education and employment opportunities.

The Reverend Amos Brown from the Third Baptist Church, S.F., will speak at the ceremonies. Freeman Bradley is chairman of the selection committee.

Student Volunteers

Twenty-six students from the Allied Medical Program, sponsored by the S.F. Unified School District, are volunteering their services through June at the UCSF Hospitals and Clinics. The students are participating in various units, assisting in direct patient services and learning about the general field of health care and health careers through weekly classes.

The S.F. Unified School District coordinators of the project are John O'Connor and Ruth Taylor. Students are Juvy Barabad, Hope Briggs, Annette Caparaz, Evelyn Carpenter, Lismarie Delgman, Lonie Docena, Wellington Dong, Mabel Ellis, Diane Eng, Raymond Fong, Marta Gutierrez, Deanna Ho, Janice Hogan, Claria Lee, Elaine Lee, Sandra Lee, Mabel Leung, Gaetano Milano, Dana Moran, Rosanna Narciso, Patrick Paw, Barbara Simmons, Mary Smith, Cheryl Upshaw, Carla West, and Sharon Williams.

Auxiliary's Thrift Shop Moves

Bear-ly New, UCSF Hospitals Auxiliary thrift shop, will be moving to a new, larger location at 1909 Fillmore, starting May 19. The new phone number will be 921-2789. The shop will remain at 2512 Clement St. until May 16. The present phone number is 752-8773.

Several new features, including a boutique, garden, and a green parking zone to facilitate easy drop-off of donations, have been added to the new location.

Bear-ly New carries slightly worn clothes, many of them designer fashions, as well as miscellaneous items. The shop is staffed by volunteers who are recruited through the UCSF Volunteer Services. Proceeds go to UCSF Hospitals and Clinics patient amenities.

If you would like to volunteer your services at the shop's new location, call 666-1196.

Blood Donation Day Monday, May 5

The neighborhood is invited to participate in the next UCSF Blood Donation Day, Monday, May 5, 8 a.m.-4 p.m. in the mezzanine lounge area, School of Nursing building (go through Medical Sciences lobby, 513 Parnassus), and in the main lounge of Millberry Union, 500 Parnassus Ave., 10 a.m.-5:30 p.m. Appointments can be made in advance by calling the Moffitt Blood Bank, 666-4013.

This is the second of three drives held annually. The first, held in February, netted the largest number of blood donations ever at UCSF—254 pints.

The Associated Students of UCSF will sponsor a prize of dinner for two, with wine, at one of S.F.'s top restaurants. To be eligible, donors must drop their donation receipts in a box at either blood donation site.

Medal Awarded

UCSF awarded its highest honor, the UCSF Medal, to five eminent members of the community in recognition of their distinguished service to the campus and to the field of education and health care.

The winners are Eleanor Crum, who in 1964 provided a grant-in-aid enabling UCSF to initiate one of the first programs in the country for disadvantaged students; Donald Doyle, a former member of the governing board of Langley Porter Psychiatric Institute; J. Englebert Dunphy, a distinguished faculty member and chief of staff at VA Medical Center, S.F.; Otto Guttentag, a pioneer in the field of medical ethics; and Alexander Simon, whose work has led to reducing by half the number of elderly people committed to state hospitals.

Photography Display

Twenty photographs of members of an isolated New Guinea tribe emerging from a stone age existence will be on display at the de Young Museum in Golden Gate Park through July 31.

The photographs are by Paul Ekman, director of the UCSF Human Interaction Laboratory, Department of Psychiatry. The tribe helped Ekman settle a century-long scientific debate that intrigued Darwin—are the facial expressions of emotion (smiles, frowns, wide eyes, and other facial actions that express our emotions) inherent and biologically universal to all people, or are they learned social behavior that would differ from culture to culture?

Ekman in his book, *The Face of Man* (Garland STPM Press, N.Y.), concludes that the expression of emotion is based on universal biological rules.

Voter Registration/ Prop 9 Information

A registered campus organization is providing voter registration and Prop 9 information in the lobby of Medical Sciences Building, 513 Parnassus Ave., 11 a.m.-2 p.m. on the following days: May 6-8, 13-15, 20-22, 27-29, June 2-3.

Baby Reunion For ICN 'Alumni'

More than 300 children, all born with problems that necessitated life-saving measures in the UCSF Intensive Care Nursery (ICN) in Moffitt Hospital, are expected to attend a festive reunion on Saturday, May 17. One hundred physicians and ICN staff who have cared for them will be present at the reunion, which will feature a clown, juggler, puppeteer, face painting by the ICN staff, and gospel singing. Approximately 5,000 babies have been ICN patients at UCSF during the 10 years of the unit's existence.
